

# **APOLLO REACH HOSPITALS, KARIMNAGAR RELIEF**

**FROM : MY STORY -A. RAJAIAH (Patient)**

**GOOD MORNING TO ALL.**

I am a 50 year old male every day am in my regular routine work disturbed sleep before night. I felt weakness in the left sided body, I thought it was a general weakness as time progresses am not able to lift my left hand and unable to move the leg also.

My family members and I am worried I felt my heart pounding. We decided to approach Apollo Reach Hospitals Karimnagar, because we had some hope we wil get a solution. Many thoughts running in my mind if I am not able to use my left hand and leg how I can work and feed my family.

Without delay I went to Emergecny department of Apollo Reach Hospitals Karimnagar, diagnosed with Acute infarct, my neurophysician gave a medical management, good physiotherapy, good IP services. I relieved from few symptoms explained in a neat way about the importance of physiotherapy, life style modifications and diet long term medications to be used.

Thank you to Dr. Nikhil sir, Nursing and all support team of Apollo Reach
